INDEPENDENT AUDITOR'S REPORT

Board of Commissioners
Union Parish Waterworks District No. 1
Farmerville, Louisiana

I have audited the accompanying basic financial statements of Union Parish Waterworks District No. 1 , a component-unit of the Union Parish Police Jury as of and for the year ended December 31, 2013, as listed in the table of contents, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

Opinion

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Union Parish Waterworks District No. 1, as of December 31, 2013, and the respective changes in financial position and, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3-5 and 27-28 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during our audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by Government Auditing Standard's

In accordance with *Government Auditing Standards*, I have also issued my report dated June 20, 2014, on my consideration of Union Parish Waterworks District No. 1's internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of my testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Union Parish Waterworks District No. 1's internal control over financial reporting and compliance.

Management's Discussion and Analysis

Waterworks District No. 1
Management's Discussion and Analysis
For the Year Ended December 31, 2013

Our discussion and analysis of Waterworks District No. 1 (the District), provides an overview of the District activities for the year ended December 31, 2013. Please read it in conjunction with the basic financial statements. The intent of this discussion and analysis is to look at the District's financial performance as a whole.

FINANCIAL HIGHLIGHTS

- The assets of the District, exceeded its liabilities at the end of the 2013 year by \$718,723. Of this amount, \$166,685 is unrestricted. For the 2012 year, the assets of the District, exceeded its liabilities \$691,011. Of this amount, \$116,175 is unrestricted.
- The District's total net position increased by \$27,712 for the year ended December 31, 2013. The District's total net position increased by \$37,247 for the year ended December 31, 2012.
- Net Capital assets decreased by \$9,049 and increased by \$417,385 for the years ended December 31, 2013 and 2012, respectively.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District operates as an enterprise fund, presenting its financial statements using the accrual basis of accounting. The basic financial statements comprise three components:

- *Government-Wide Financial Statements*
- *Fund Financial Statements.*
- *Notes to the financial statements.*

The *Statement of Net Position* includes all of the District's assets and liabilities, with the difference between them reported as net assets. Net assets are reported in three categories: Invested in Capital Assets, Restricted for Debt Service, and Unrestricted. The increases and decreases in net assets are an indicator of whether the District's financial position is improving or deteriorating.

The *Statement of Activities* shows how the District's net position changed during the year, as well as whether it recovered its cost through fees and other revenues. All of the current year revenues and expenses are recorded when the underlying economic transaction has taken place. The *Statement of Cash Flows* provides information

Waterworks District No. 1
Management's Discussion and Analysis
For the Year Ended December 31, 2013

regarding cash receipts and disbursements during the current year. Activity is reported in four categories: Cash flows from operating activities, cash flows from non-capital financing activities, cash flows from capital and related financing activities, and cash flows from investing activities.

The *Notes to the Financial Statements* provide a description of the accounting policies used to prepare the financial statements and presents material disclosures as required by generally accepted accounting principles.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

The District's net position increased by \$27,712 and \$37,247 the years ended December 31, 2013 and 2012, respectively.

Economic Factors and Future Rates

The Board of Commissioners and management are constantly reviewing economic factors within the District and the surrounding area and current financial data in order to make decisions that would be in the best interest of the District. The Board and management are vigilant when considering balancing the District's needs while, at the same time, maintaining costs at levels consistent with the previous year. If management's estimates about future operating results remain consistent, the net asset balance of the District would be expected to remain level or increase modestly over the prior year.

Request for Information

This financial report is designed to provide citizens, taxpayers, customers, and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. NOTE 1 - Summary of Significant Accounting Policies

A. Nature of Activities

Waterworks District No. 1 (the District), a component unit of Union Parish Police Jury, was created by the Union Parish Police Jury as authorized by Chapter 9 of Title 33 of the Louisiana revised Statutes of 1950. The District is governed by a five-member Board of Commissioners. The District is responsible for the maintenance and operation of the water system within the boundaries of the water district.

B. Basis of Presentation

The accompanying financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). In June 1999 the GASB issued *Statement 34 Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments* and *Statement 35 Basic Financial Statements – and Management’s Discussion and Analysis – for Public Colleges and Universities*. These statements establish new financial reporting requirements for state and local governments and public colleges and universities throughout the United States. They require new information and restructure much of the information that government should have presented in the past. Comparability with reports issued in years prior to 2004 is affected.

Other GASB Statements are required to be implemented in conjunction with GASB Statements 34 and 35. Therefore, the District has implemented the following GASB Statements: *Statement 37 – Basic Financial Statements and Management’s Discussion and Analysis – for State and Local Governments: Omnibus*, and *Statement 38 – Certain Financial Statements Note Disclosures*.

The accompanying financial statements present the financial position of the District, the results operations of the District, and the cash flows of the proprietary fund. The financial statements are presented as of December 31, 2012 and for the year then ended.

C. Financial Reporting Entity

As the governing authority of the parish, for reporting purposes, the Union Parish Police Jury is the financial reporting entity for Union Parish. The financial reporting entity consists of (a) the primary government (police jury), (b) organizations for which the primary government is financially accountable; and (c) other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity’s financial statements to be misleading or incomplete.

Governmental Accounting Standards Board Statement No. 14 established criteria for determining which component units should be considered part of the Union Parish Police Jury for financial reporting purposes. The basic criterion for including a potential component unit within the reporting entity is financial accountability. This criteria includes:

1. Appointing a voting majority of an organization’s governing body, and;
2. The ability of the police jury to impose its will on that organization and/or

Waterworks District No. 1
A Component Unit of Union Parish Police Jury
Notes to the Financial Statements
For the Year Ended December 31, 2013

3. The potential for the organization to provide specific financial benefits to or impose specific financial burdens on the police jury.
4. Organizations for which the police jury does not appoint a voting majority but are fiscally dependent on the police jury.
5. Organizations for which the reporting entity financial statements would be misleading if data of the organization is not included because of the nature or significance of the relationship.

Because of the above criteria, the District was determined to be a component unit of the Union Parish Police Jury, the financial reporting entity. The accompanying financial statements present information only on the funds maintained by the district and do not present information on the police jury, the general government services provided by that governmental unit, or the other governmental units that comprise reporting entity.

D. Fund Accounting

The Waterworks District uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities. A fund is a separate accounting entity with a self-balancing set of accounts.

The Waterworks District No. 1 Enterprise Fund is classified in the following category and fund type.

Proprietary Fund

Enterprise Fund

The Enterprise Fund is used to account for operations that are financed and operated in a manner similar to a private business enterprise where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. With this measurement focus, all assets and all liabilities associated with the operation of this fund are included on the balance sheet. The Enterprise Fund uses the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized at the time liabilities are incurred.

E. Budgetary Practices

The Secretary-Treasurer prepares the annual budget and presents it to the Board for adoption by November 30 of the preceding year. Budgeted amounts, including subsequent amendments, have been included in the accompanying financial statements.

F. Statement of Cash Flows

For purposes of the Statement of Cash Flows, the District considers all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents.

Waterworks District No. 1
A Component Unit of Union Parish Police Jury
Notes to the Financial Statements
For the Year Ended December 31, 2013

G. Deposits and Investments

The District's cash and cash equivalents are considered to be demand deposits, interest-bearing demand deposits, and investments with original maturities of three months or less from the date of acquisitions. State law and the District's investment policy allow the District to invest in collateralized certificates of deposits, government back securities, commercial paper, the state sponsored investment pool, and mutual funds consisting solely of government backed securities. Investments for the District are reported at fair value.

H. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructures assets (e.g., waterline distribution system), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are capitalized at historical costs or estimated cost if historical cost is not available. Donated assets are recorded as capital assets at their estimated fair market value at the date of donations. The District maintains a threshold level of \$500 or more for capitalizing capital assets. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

All capital assets, other than land, are depreciated using the straight-line method over the following useful lives:

<u>Description</u>	<u>Estimated Lives</u>
Equipment	5-15 Years
Furniture and Fixtures	10-15 Years
Water Plant	50 Years

Property, plant and equipment purchased by the District are recorded at cost. Depreciation of all exhaustible fixed assets used by the District is charged as an expense against operations. Depreciation is computed using the straight-line method. Estimated useful lives are 50 years on the water plant and from 5 to 50 years on equipment.

Expenditures for repairs and maintenance are expensed as incurred; significant betterments are capitalized.

I. Compensated Absences

The District does not have formal vacation, sick leave and retirement plan policies.

J. Bad Debts

Uncollectible amounts for customers' water receivables are generally not significant. As a result, the direct write-off method for recognizing bad debts is used. Under this method, the receivable is charged to expense when the account is deemed to be uncollectible.

K. Reservations of Retained Earnings

Some portions of retained earnings are reserved to indicate that a portion of retained earnings is legally restricted to a specific future use and is not available for appropriation or expenses.

Waterworks District No. 1
A Component Unit of Union Parish Police Jury
Notes to the Financial Statements
For the Year Ended December 31, 2013

L. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenditures, and expenses during the reporting period. Accordingly, actual costs could differ from those estimates.

M. Reclassifications

Certain amounts presented in the prior year have been reclassified in order to compare with the current year's presentation.

NOTE 2 - Cash and Cash Equivalents

At December 31, 2013, the District's cash and cash equivalents consisted of checking, savings, and certificate of deposit accounts. The carrying amounts of those accounts totaled \$194,753 and the corresponding bank balances totaled \$199,557. All of the bank balances were covered by federal depository insurance or were adequately collateralized with financial institution assets.

NOTE 3 -Restricted Assets (Cash and Cash Equivalents)

Restricted assets represents funds set aside to cover various things, such as contingencies, repairs, customer deposits, etc. Most of these accounts are the result of prior bond or regulatory requirements. The restricted account balances as of December 31, 2013 are as follows:

Customers' Meter Deposits Account	\$ 20,756
Waterworks Reserve Fund Account – 1997 (#1056)	18,444
Waterworks Depreciation and Contingency	
Fund Account – 1980 (#1058)	13,769
Waterworks Sinking Fund Account – 1997 (#1057)	17,556
Total	\$ <u>70,525</u>

NOTE 4 - Accounts Receivable

The district provides service to commercial and residential users within the established district. Sales for services for the month December 2013 included 632 users. At December 31, 2013, the District's accounts receivable balance was \$6,948. This balance includes 41 accounts in arrears for a total of \$5,877. The District considers all accounts to be collectible. Unbilled revenues at December 31, 2013 totaled \$19,514.

Waterworks District No. 1

Union Parish Waterworks District No. 1
Farmerville, Louisiana

I have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the basic financial statements, as listed in the table of contents, of Union Parish Waterworks District No. 1, as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise Union Parish Waterworks District No. 1's basic financial statements, and have issued my report thereon dated June 20, 2014.

Internal Control Over Financial Reporting

In planning and performing my audit of the financial statements, I considered Union Parish Waterworks District No. 1's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, I do not express an opinion on the effectiveness of Union Parish Waterworks District No. 1's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

My consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during my audit I did not identify any deficiencies in internal control that I consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Union Parish Waterworks District No. 1's financial statements are free from material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose. Under Louisiana Revised Statute 24:513, this report is to be distributed by the Legislative Auditor as a public document.
